Data Note: Specified owner occupied Housing Units include only single family units on less than 10 acres, with no business or medical office on site. Specified renter occupied HUs exclude single family units on 10+ acres. Average Rent excludes units paying no cash rent. Rent, Home Value and Units in Structure data are complete counts in 1990 and sample counts in 2000, so changes in enumeration can affect comparability. The 1990 Census reported population by single races only. Esri estimates the multiracial population from 1990 Census data for the total population. In the 1990 Census, "Asian" and "Pacific Islander" were not reported separately for the Hispanic Origin population. To compare the data, "Asian" and "Pacific Islander" are combined in 2000.
