PHOTOGRAPHING YOUR GARDEN - Our Program host, Lydia Williams, will enlighten us with photography tips on how to "Bring out Your Garden's Best"!

Welcome!

As most of us know simply by admiring gardens around us, plants are naturally photogenic and can become stunning "works of art" under the right circumstances. Through a range of specific examples, Lydia Williams will not only show us how to look at your garden with fresh eyes and how to bring out it's best using any camera you have on hand, she will also be providing brief discussion on ways to edit your photos!

Lydia Williams is an award-winning photographer, originally from Michigan and has lived in the Seacoast area for over 40 years! Lydia won the Prestigious Yankee Magazine Icon of the Year Award in 2002; her work has been featured in many exhibits around New England, the State of New Hampshire "Travel & Tourism" website, Regional Calendars, Publications and Jigsaw Puzzles!
