

Route 236 TIF Area Sewer & Water Extension Bi-Weekly Progress Report August 21, 2023 – September 1, 2023

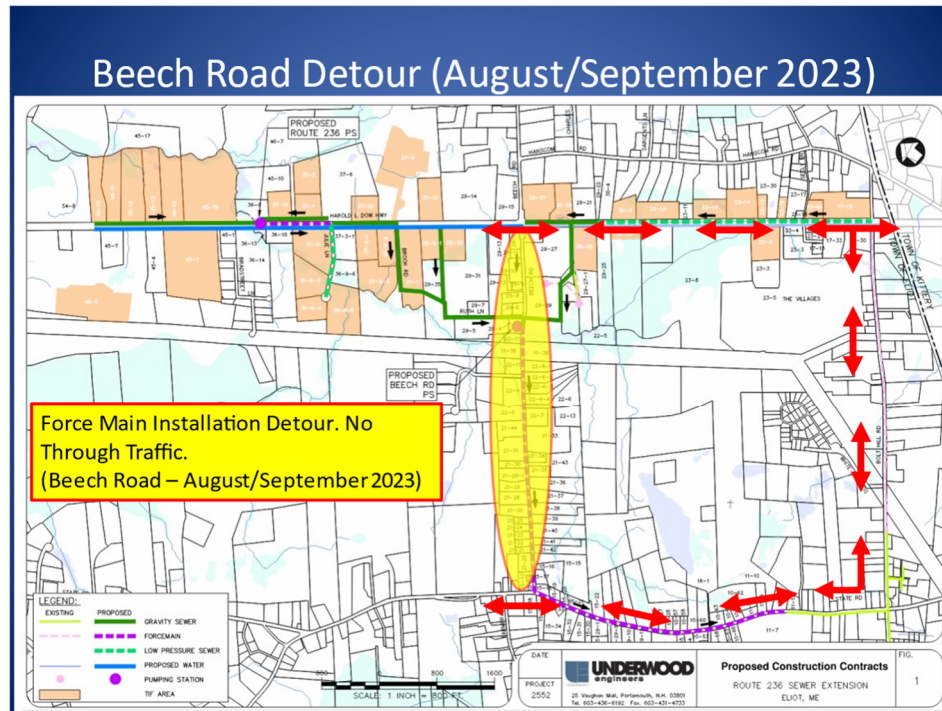

This report identifies the work on the Route 236 Sewer Extension Project that DeFelice Corporation anticipates to be working on during the next two (2) weeks. We will make every effort to minimize disruption to your travel, but some travel delays should be expected navigating around the work zones. We would appreciate that you please use caution when driving through the construction zone to help ensure you and the construction crews remain safe.

Weeks 8/21/23 through 9/1/23 (See Page 1 for additional information)

- Installation of sewer manholes and low-pressure sewer service connections on Route 236 between Beech Rd. and Bolt Hill Rd. **Night work is planned between 8/28/23 – 9/1/23** for long side sewer service crossings.
- **Daily closure of Beech Rd. is planned through September 2023** for installation of sewer force main, beginning at the intersection of Beech and State Rd. and working toward Route 236.
- Ledge blasting on Beech Rd. is planned to continue some workdays through September 2023.
- **There will be no work September 4th**

Traffic Control

- Route 236 will have two-way traffic delineated around the work zone.
- **Night work on Route 236 may have alternating traffic delineated around the work zone.**
- Beech Rd. will be closed to thru traffic during the regular work hours of 7AM – 5PM (**Beginning August 7th, 2023**). Thru traffic will be detoured, see the Beech Rd. Detour sketch below.
- **Normal traffic patterns will be restored on Beech Rd. and Route 236 at the end of each workday and over the weekend.**
- Accommodation will be made for emergency vehicles and personnel to pass through the Beech and State Road work areas during daily closures.
